

Front-End Web Development Overview

6 months (20 hrs / week)

What is Front-End Web Development?

- As a front-end developer, you're like an architect for websites and apps, responsible for bringing ideas and designs to life by building and maintaining what users see and interact with on a webpage, including layout and interactive elements.
- An 18-week transformative learning journey, guiding learners from beginners to job-ready front-end developers.
- Emphasis on practical learning for a comprehensive understanding of web technologies, covering fundamentals to advanced concepts.

Why Front-End Web Development

This programme includes a distinctive combination of hands-on and project-based learning that mirrors real-world development situations. It is tailor-made for tech enthusiasts, self-taught programmers, and complete newbies alike. You'll learn industry-relevant skills from experienced software engineers, who offer their guidance and network for unparalleled career growth.

Programme Objectives

- Attaining proficiency in HTML, CSS, and JavaScript.
- Mastering responsive design, version control, and front-end frameworks.
- Building captivating and user-friendly web interfaces.
- Preparing for further learning or job opportunities in the web development sector.

What makes this programme unique?

Industry-Relevant Skills

The curriculum covers HTML, CSS, JavaScript, ReactJS, and API integration, ensuring graduates master the key languages for web development, enhancing their job market value.

Community and Networking

Learners join a vibrant community of like-minded learners and professionals, fostering connections that support their learning journey and open doors to career opportunities.

Versatile Opportunities

Upon completion, learners emerge not just as proficient front-end developers but as versatile professionals ready to seize a spectrum of opportunities, amplifying the overall value of their investment in the programme.

Weekly Foundations Schedule

11-15 Weeks (30-40hrs / week)

What is ALX Foundations?
